UNAUDITED SALES VOLUME IN FEBRUARY 2019

The board of directors of Geely Automobile Holdings Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) is pleased to announce that the total sales volume of the Group (including the sales volume of LYNK & CO-branded vehicles sold by the Group’s 50%-owned joint venture) for the month of February 2019 was 83,552 units, a decrease of approximately 24% over the same period last year. The lower February sales volume is largely due to an earlier Chinese New Year holiday this year, resulting in more workings days in the month of February affected by the post Chinese New Year low season. The total sales volume in the first two months of 2019 was 241,945 units, a decrease of approximately 9% from the same period last year, and achieving 16% of the Group’s full year sales volume target of 1,510,000 units in 2019. Of the total sales volume in February 2019, 6,196 units were new energy and electrified vehicles^{Note} (NEEVs). The Group’s exports volume was up more than sixfold year-on-year to 11,861 units in the first two months of 2019. Amongst the NEEVs sold, the best-selling models were “Emgrand EV” (帝豪EV) and “Emgrand GSe” (帝豪GSe) in the month of February 2019, which together accounted for around 80% of the total sales volume of NEEVs.

During the month of February 2019, the sales volumes of “LYNK & CO 01”, “LYNK & CO 02” and “LYNK & CO 03” were 3,237 units, 1,686 units and 2,353 units, respectively.
