

Geely Automobile Holdings Limited
TOTAL SALES VOLUME FOR SEPTEMBER 2021 WAS 103,936 UNITS
TOTAL SALES VOLUME DOWN 18% YOY

(HONG KONG, 11 October, 2021) --- Geely Automobile Holdings Limited ('Geely Automobile'/the 'Group')(Stock code: 175) announce that the total sales volume of the Group (including the sales volume# of LYNK & CO-branded vehicles sold by the Group's 50%-owned joint venture, namely LYNK & CO JV) during the month of September 2021 was 103,936 units, a decrease of approximately 18% from the same period last year, but up approximately 18% from August 2021. During the month of September 2021, the impact of the epidemic in some regions and the global shortage of chip supply continued to affect the Group's delivery volume. Of the total sales volume in September 2021, 11,177 units were new energy and electrified vehicles*, an increase of around 83% from the same period last year, achieving the highest monthly sales volume level since November 2019. The Group's exports volume was down approximately 1% year-on-year to 8,013 units in the month of September 2021. During the month of September 2021, the Group's total sales volume in the China market was 95,923 units, a decrease of around 19% from the same period last year. The total sales volume in the first nine months of 2021 was 921,796 units, an increase of approximately 5% from the same period last year, achieving 60% of the Group's full year sales volume target of 1,530,000 units in 2021.

The Spokesman of Geely Automobile said, "During the month of September 2021, the total sales volumes of sedans, sport utility vehicles (SUVs) and multi-purpose vehicles (MPVs) were 39,409 units, 63,781 units and 746 units, respectively."

During the same period, the total sales volume of LYNK & CO-branded vehicles was 15,823 units. The total sales volume of LYNK & CO-branded vehicles in the first nine months of 2021 was 147,960 units, an increase of approximately 40% from the same period last year.

Save as the sales volume disclosed above, during the month of September 2021, the shipping volume of the Group's exports of LYNK & CO-branded vehicles, namely "01 HEV" and "01 PHEV" to the European market was 2,000 units. The total shipping volume of the export in the first nine months of 2021 was 7,950 units and a total of 1,990 units of vehicle were delivered to its subscription customers in the European market under its innovative subscription model** so far this year.

-END-

The sales volume figures released are based on a more stringent recognition criterion, requiring all sales to be contracted, paid and delivered before it would be recognized. These figures, however, are preliminary figures and will be subject to changes and final confirmation.

#: While the total sales volume does not correlate directly to the revenue the Group recognises during a particular period as it includes all sales volume of the Group's 50%-owned LYNK & CO JV on a 100% consolidated basis, the board of directors of Geely Automobile believes it is more indicative of the underlying demand of the Group's vehicles.

*Note: For clarity, the new energy and electrified vehicles only included the electric vehicles (EVs), hybrid electric vehicles (HEVs), mild hybrid electric vehicles (MHEVs) and plug-in hybrid electric vehicles (PHEVs).

**Note: Subscription means that customers use vehicles and ancillary services during the subscription service period through regular payment of vehicle subscription fees, including vehicle insurance, daily maintenance, data services, road assistance, etc..
