Please note that the figures disclosed in this press release are unaudited, have not been confirmed by the Company's auditor, and may be subject to adjustment and final confirmation. Shareholders and potential investors are advised to read the financial results of the Group carefully when they are published.

\*: Although the total sales volume is not directly correlated with the revenue recognised by the Group during a specific period, as it includes all sales volume of LYNK & CO on a 100% consolidated basis, the board of directors of the Company believes that it better reflects the potential demand for the Group's vehicles.

\*\* : In order to promote the deep integration and efficient fusion of internal resources within the Group, in October 2024, the Group announced that the Geometry series would be merged into the Galaxy brand, and Geometry would cease to exist as an independent brand. Geometry has now become a series of intelligent and premium compact vehicles under the Galaxy brand. Therefore, from October 2024 onwards, the Group has been consolidating Geometry's sales figures into Galaxy's and has made retrospective adjustments to the historical data for the same period.
